Experience

Manager SSBT Community

Present

• Seasoned manager at SSBT Tech Community with a proven track record of fostering a vibrant and engaged network of tech enthusiasts.

Career Objectives

- Seeking a data analytics position where I can apply my strong analytical skills and knowledge gained from academic coursework to contribute to a dynamic team.
- Eager to learn and grow in a professional environment, while assisting in making data-driven decisions to achieve business goals.
- Passionate and detail-oriented junior data analyst aiming to kickstart a career in data analytics.
- I am enthusiastic about leveraging my data analysis skills to help organizations derive meaningful insights, drive data-centric strategies, and support informed decision-making

Future Goals

- In my first job, I aim to become proficient in data visualization tools like Tableau or Power BI to effectively communicate data insights and enhance decision-making processes.
- As I progress in my career, I plan to specialize in a particular industry or domain, such as healthcare, finance, or marketing, to gain in-depth knowledge and offer more targeted insights.
- As I progress in my career, I plan to specialize in a particular industry or domain, such as healthcare, finance, or marketing, to gain in-depth knowledge and offer more targeted insights.
